FERNO FRAC Straps Pack

Frac-Straps are easy to use and an efficient method of strapping breaks from collar bone to femur, helping prevent further injury before the casualty gets to A&E.

- **Extra comfort and tension support** - pack comes with 5 straps with elasticated area, 1 pad and storage wallet
- **Effective from application to treatment** - they are totally X-ray translucent
- **Easy to keep clean** - made from a tough, hygienic vinyl-coated nylon
- **Secure fitting** - straps have hardwearing VELCRO® fastenings

FERNO FRAC Immobilisers

Effective box splints for suspected fractures at the scene of an accident. The extra padding also helps to prevent further damage to surrounding nerves and tissue during transportation.

- **Works on all shapes and size of patient** - three lengths accommodate all leg and arm size combinations
- **Effective from application to treatment** - they are totally X-ray translucent
- **Durable and reusable** - made from tough, hygienic vinyl-coated nylon for a long service life
- **Padded comfort and easy to apply** - open both ends U shape with large VELCRO® fastening straps help minimise trauma during application.
